*Circle the S for the team that has serve.

*For each team, enter the libero number to the right of the L, and enter starting player numbers under the SP column.

*At the beginning of each term of service, place a tally mark in the service column. If the libero serves, draw a triangle around the Roman numeral corresponding to the serving order

*When a substitution occurs, slash the number of the player leaving the court and write the number of the replacement to the right of the SP box. Also slash the next substitution tally number.

*When the libero enters the floor, write an L to the right of the player number who is being replaced. When the libero is replaced by a regular player, write the number of the returning player to the right of the L. Ensure that the player who replaces the libero is the same as the player the libero replaced.

In this example, the team shown had the first serve.

The libero has served in service position I.

The team has taken one substitution.

The libero is currently on the floor for player #5. When the libero leaves the floor, player #5 should return to the court.
